Congratulations on your upcoming wedding! My photography business, Jazzy Photo, is dedicated to providing couples with a unique and lasting visual memory of their special day. My photographic style combines both portrait and photojournalistic images to truly capture your momentous occasion in its entirety. This letter serves as a proposal detailing the services my company and I provide as well as appropriate pricing.

Jazzy Photo's "Wedding Package" includes an initial consultation meeting between me and the wedding couple. This important meeting serves as a planning session for the actual wedding day photography. The more I listen and learn about your wants and needs, the more successful the end result. I will also provide some ideas from my past experiences. This meeting should be scheduled no later than 2 weeks before the wedding to provide for adequate planning.

All Packages Include:

1 day of photography, including an additional location (other than the wedding and reception) if desired.

Including portrait sessions and photojournalistic photos throughout the day.

All photos will be in digital format and will not have a limit on the number of photos taken.

All images will then be posted to a secure online photo gallery where you can proof and order your prints as well as share them with friends and family.

Our goal at Jazzy Photo is to give you a lasting and unique memory of your special day. I know you have many things to consider and decisions to make in the upcoming months. I assure you that given the opportunity to capture your extraordinary occasion, you will be very pleased with the results. I am happy to say that my distinctive approach to wedding photography has brought me a rapidly growing business and strongly hope that I can include your day in my schedule. Please call or email me with your questions or for more information.

Sincerely,

Katie Walling
